

MAN ARRESTED ON MEMORIAL PLAYING FIELD

Last Thursday afternoon, a 21 year old man was arrested on MPF. He had apparently driven onto the playing field and was doing what are called “doughnuts” (meaning he was turning round in very tight circles) and damaging the grass. This was also a danger to members of the public, especially children, since the incident was happening at 5 o’clock in the afternoon. This incident was recorded on CCTV, which has now been passed to the police. The wardens were on hand immediately and so were the police, who arrested the man. We shall have a further report on this in more detail from our wardens or PCSO at the next Parish Council meeting.
