

Steyping Strikers

One of Steyping's most successful clubs is Steyping Strikers who operate football teams for youngsters between ages 6-16 and play matches, mainly on Saturdays (with training in the week) in and around Steyping on pitches provided at various locations. Steyping Strikers have around 200 playing members, nearly all drawn from families living within Steyping.

Strikers have recently approached the Council to find them replacement pitches on the Memorial Playing Field because of their potential loss of two pitches at Lancing College.

We have had detailed talks with representatives from Strikers and I, together with Councillor Gill Ness-Collins will be putting a recommendation to the next Playing Fields Committee meeting on October 23rd at 19:30pm to provide an additional pitch at the top of Memorial Playing Field. This will make two junior sized pitches in positions yet to be finally agreed but nevertheless there is room for all and this should provide local youngsters with a secure long term base.
