Marlene Carman

It is with great regret that I have to announce that Marlene has retired from the Parish Council after serving for nearly 26 years since she was first elected in 1987.

During her time with us, Marlene has been a tower of strength and has always shown great enthusiasm and support for the Parish Council's activities. In the early years she was Chair and Vice Chair of the Parish Council and has served on all its main committees.

Marlene was one of those members who always undertook some of the little jobs that never get recognised such as gardening facilities in the town. She was our tree officer and countryside specialist and is also well known in the town for being Chair of "Steining in Bloom" from which she has also had to withdraw.

All of us on the Parish Council wish Marlene well in her retirement and she will be sadly missed by all of us.

David Barling
Chairman
