

As you may be aware, the Sussex Police & Crime Commissioner, Katy Bourne, has recently published her Police & Crime Plan, which sets out the policing priorities and targets for Sussex.

The full Police & Crime Plan can be found online at <http://www.sussex-pcc.gov.uk/police-crime-plan/>. Printed copies will also be available to read in your local library.

During her election campaign and since taking office, the Commissioner has met with local communities, victims and businesses in order to understand their collective priorities and give people in Sussex the opportunity to shape the priorities for policing.

The Commissioner will continue to use every opportunity to engage with local people and I have attached a short piece from Katy Bourne.

Kind regards

Ella Berny
