

“Our picture shows West Sussex County Councillor David Barling (right) and new Parish Council Chairman Phil Howell (left) together with local residents from Steyning on the occasion of their visit to the open day at Meadow Croft, Steyning.

David Barling said he was impressed by the quality of the building, and its openness and brightness, which would assist dementia patients.

The Councillors were also impressed with the quality of care offered and particularly made a point of speaking to patients and relatives, who confirmed the high standards at this home.”
