

Update on Britons Croft

Saxon Weald has started work on 20 new apartments on the site of Britons Croft, in the heart of Steyning. The homes will cost almost £2m to build, funded by Saxon Weald and a grant of £900k from Horsham District Council. The contractors are Sunninghill. The new one and two bedroom properties are intended for people over 60 and all feature their own individual outdoor space – whether balcony or patio garden. Twelve are for affordable rent and the other eight will be sold on a shared ownership basis.

The homes are due to be finished in spring 2015. If you would like to know more about buying an apartment please contact Saxon Weald's Sales team on 01403 226035.
