

Steyning Parish Council – PRESS RELEASE

On the 9th September, the parish council hosted an invitation only event to discuss the subject of isolation and loneliness in the area which is Steyning, Upper Beeding and Bramber.

The event brought representatives from various group and societies in the area together, to hear speakers including the CEO from Age UK Horsham, the community youth worker and the leader of the newly formed Link at the Baptist Church in Upper Beeding. The event was predominantly to encourage the attendees to think about the issue and to share thoughts on projects and initiatives that could further address isolation that exists within our community for all ages.

Numerous ideas were contributed and a further workshop is now planned for later in the month to discuss what further action can be taken.

Cllr Sue Rogers
