

ITEM 6.1

STEYNING WARDENS' REPORT

April 2019

Anti-social behaviour

- We received a report regarding considerable Anti-Social Behaviour in the Fletchers Croft car park consisting of cars using the car park as a "racetrack", loud music being played, rowdy behaviour relating to alcohol and smashed bottles. This was reported to have occurred at 3am and the Police were called. We have since spoken with the Police and submitted information relating to several vehicles we know that use the area regularly and have previously been involved with this kind of ASB.
- A resident informed us that a group of Young People (aged 13-16) have been causing a nuisance at the school grounds getting onto the roof of school and shouting and throwing things at passers-by. We have significantly increased our presence in the area in the early evenings.
- The Police informed us of an incident in Charlton Street where a group of 8 or 9 young people acting in a rowdy manner, posted food through somebody's letterbox and acted in an intimidating way towards the resident when challenged over their behaviour. We now know the identities of two of the members of the group and are seeking further involvement with the Police & ASB Team. We have visited the resident on three occasions but on each nobody has been present.
- Report received regarding young people climbing over fencing and using the new outdoor Gym Equipment before it had been finished. On a previous occasion to this report we did ensure a small group left the area. We would like to request that appropriate signage be put into place as soon as possible, as not having signage seriously compromises enforcement capability.

Cold callers

- No calls received relating to cold callers.

Anti-Social Driving/Parking

- 4 parking advice slips given after complaints from residents. One of the vehicles in Shooting Field was blocking the view of oncoming traffic from Tanyard lane, this vehicle has now moved. We have also been informed that the vehicle has not been taxed and fed the information into the operation crackdown system.

Fly-tipping

- Fly Tipping Reported on the Steyning Bostal.

Dog fouling / Issues with dogs

- Persistent dog fouling reported on footbridge and Twitten over the A283. Increased patrols in response to this report.

Elderly / vulnerable
