

Guild Care, we are planning some roadshows in the coming weeks where we would like to come and visit local towns and villages to give your residents an opportunity to find out about our services, how they could benefit from them and answer any questions they have about us.

We provide a range of services including our day centre which offers assisted bathing, hair dressing, hot lunches, entertainment, exercise sessions and a transport service so that isolated older people and/or people with limited mobility can attend. We also have home care services and a range of support for people living with dementia and their carers.

In addition to our support for older people we also provide an out of school respite service for children and young people with special needs.

We would like to visit Steyning on 14th April 2015 from 10.30-2.30pm and would involve us parking our Guild Care van and handing out leaflets (we will not be collecting).
