What is a County Local Committee?

County Local Committees (CLCs) are West Sussex County Councils approach to involving local residents in decision making. They aim to bring County Councillors closer to local people and you closer to your County Council.

Meetings happen three times a year in your local area, and are open for anyone to attend. At the meeting County Councillors consider a range of issues and where relevant make decisions on things like highways issues and grant funding.

Your next CLC meetings will take place on:

Wednesday 15 November 2017 at 7pm at Wiston Meeting Place

Wednesday 7 March 2018 at 7pm at a venue to be confirmed.

Community Initiative Funding

Your CLC has £16,000 of Community Initiative Funding available to award during 2017/18. If you are part of a local group that needs help with a project then please do get in touch. The deadline for applications is usually 6 weeks before the meeting date.

'TALK WITH US'

At every meeting there is an opportunity for you to ask questions of your local Councillors and Officers

Please email or call us with your question in advance of the meeting
