

## Wednesday Workshop: Notes of meeting 17<sup>th</sup> July

Present

Richard, Murray, Georgia (first half), Trevor, Andrew, Alison, Michael, Paul and Paul Cotton.

1. Deciding what we can complete in time for the 30<sup>th</sup> November deadline:

See attached paper from Andrew Metcalf.

Working Group responses return required by 2/8/19. It was noted that there was no Climate Change Policy mentioned in current words. Anything not delivered by this date cannot be considered within the plan.

2. Agree attendance of steering group members on each focus group :

It is agreed that Steering group or council member on a focus group is appropriate. All groups therefore represented.

3. Discussion about Pros and cons of asking HDC to allocate housing or Steyning being involved in determining this.

Agreed that we would individually write our views on this matter to John Fulbrook, Parish Clerk.

Note; in either scenario, HDC would provide numbers of units.

4. Communication of the revised aspiration for the NP

Agreed the Richard and Murray would draft a short “press release” for consideration. Press release is for the consideration of SPC 24/7/19 meeting to inform proposed NP submission to meet Reg.15 required by HDC on 30/11/19.

5. Moving towards revised terms of reference.

The discussion on the TOR presented opposition to the current draft proposed. There are already terms of reference in place. There was consensus to move forward on the advice of our consultant to produce deadline information.
