Parish specific/other

Steyping –

Received a call from a worried parent regarding their son who had not come at his usual time. They were especially worried as they were both in London at the time. Carried out search. Received a call from the Parents to say he had returned home safely.

Resident alerted both ourselves and Police whilst out on a joint patrol that his 90yr old father had possibly gone missing as he was not at his home for an arranged visit. We visited his house and several neighbours and it was discovered from his calendar that he had arranged a meeting for that day with a friend referred to as J.W. We carried out a local search of the area and especially Steyping High Street as we had learnt from his neighbours that he regularly visited local cafes. We carried out a return visit to the home after the search and found the gentleman at home. We then notified the father and the Police of his return.
