We're planning for the future

Horsham District Local Plan 2019-2036

We need to plan for the future by reviewing and developing a new Local Plan for the District, and we need your help.

The Government has instructed all local authorities to build a significant number of new houses in the coming years.

Horsham District is a popular place to live, with a strong economy and a high quality of life. The new Local Plan will set out how the District will meet the challenges of delivering these developments in a sustainable way, bringing the right infrastructure and community facilities to benefit both existing and new residents, as well as providing opportunities for local well paid jobs.

The Local Plan will guide development
in the District until 2036.

What is a Local Plan?

Planning affects all of our lives – where we live, work and relax. The Horsham District Local Plan is a vital part of this. It helps us to:

- shape where developments can take place in the District to minimise their effect on the environment and ensure the provision of appropriate transport links;
- provide for a variety of homes to meet local needs, built to a standard that is at least 19% above the 2010 building standards regulations;
- create policies that address the causes and potential impacts of climate change;
- create policies that require improvements to biodiversity by at least 10%, ensuring that the vast majority of our countryside continues to be protected;
- highlight to other public bodies the need to deliver infrastructure and community facilities to benefit both existing and new residents; and
- support new and growing businesses so that people can work locally to minimise commuting.

This is why the Local Plan is so important.

The next steps

We are now undertaking a review of our current Local Plan to guide future development. The Horsham District Local Plan 2019-2036 will take just over two years to complete.

“stay
informed”

There will be a number of opportunities to get involved during the preparation of the Horsham District Local Plan 2019-2036.

We will be consulting on the first complete draft of the Local Plan in February to March 2020. Your involvement in this process is very important to us.
