

Freedom of Information Request Received 19.10.15

Dear Steyning Parish Council,

Please could you deal with these two requests under the Environmental Information Regulations?

- 1 *In a statement published in the West Sussex County Times of 15 October 2015 Steyning Parish Council says that volunteers are assessing and selecting potential development sites for the Neighbourhood Plan against a "set of objective criteria which are evidence based, not on the views of volunteers". Please would you supply copies of all documents which have been provided to these volunteers in which any or all of these objective criteria are set out.*
- 2 *At its meeting on 12 October 2015 SPC received a number of neighbourhood plan documents from the SWAB Neighbourhood Plan Steering Group. Please could all of these documents be uploaded to the NP link on SPC's website or alternatively please could you supply copies of all these documents?*

Many thanks

Response to Freedom of Information request made on 19.10.15

Dear [REDACTED]

Thank you for your recent email requesting SWAB documents under the Freedom of Information Act. The site assessment criteria are a working document, currently being used by the Housing Focus Group, and will be published once they have been used by the Housing Focus and Steering Group to assess and agree potential sites for inclusion in the draft plan.

Now that all of the Councillors on the SWAB Councils have formally received the documents that were received by Steyning Parish Council on 12th October, I have been able to upload them onto the SWAB website. As requested, the SWAB Youth Survey, Public Survey Results and Stage One Report can be found at

<http://www.swabneighbourhoodplan.org/document-downloads.php>

Kind regards

Rebecca Luckin
Clerk to the Council
