Dear Sir,

I stopped and spoke with a young man working for the Parish Council who was cleaning the gutters in my vicinity this morning. (Elm Grove Lane) He was doing a really good job that certainly needed doing. When B&W operated in the lane they hired a person to do such cleaning work, but since they withdrew from their Steyning buildings the lane has gone uncleansed. This young man worked hard to restore the smart appearance of the locality and is to be commended for his efforts.

Yours,

John R
