

Allotment Report June 2020

The Allotments continue to be busy as the COVID 19 lockdown continues and tenants are making the most of the good weather and extra time that they may have to attend and cultivate their plots.

The skips have been supplied and have been filled and we have now had the last two collected from each site on the 17th June.

It has been reported that there is still a pile of burnable rubbish at Canada Gardens which has accumulated in one of the communal areas – this probably due to in the previous two years the Amenities committee organising a Bonfire at each site.

Of the 158 plots available we now only have 2 plots available at Rublees and 0 plots at Canada Gardens.

Steve our caretaker continues to attend the allotments to strim and tidy the communal areas. He has also repaired and painted the entrance gate and fencing to Canada Gardens, plus painted the two new notice boards at both sites (please see pictures below).

We also continue to advise on social distancing measures at the allotments and encourage all to be alert whilst attending the site.
