

**St Andrew's Pre-school
Saxon Room
Steyping**

**Manager: Mrs Marion Pickup
Contact: Mrs Lisa Woolcott**

St Andrew's Pre-school runs from The Saxon Room, Steyping Centre, Monday-Friday, 9am-4pm, providing Early Years education for pre-school children aged 2-5 years, together with support for their families.

Since the Government gave the go-ahead for pre-schools to re-open during the COVID-19 lockdown, the Pre-school staff team have worked hard to create a COVID-safe environment for the children, and the curriculum has been adapted for maximum outdoor play to support the safety and welfare of the children and staff.

However, upon return to Pre-school for the autumn term in September, the weather will begin to turn and the decline in outdoor play conditions will start to dictate how much time can be spent outdoors. Children have access to wet-weather clothing which helps in active play, but more static group activities cannot be enjoyed outside in wet weather.

The Pre-school's income is restricted by WSCC free entitlement, but we have been fortunate enough to have secured a £5,000 Community Development Grant from The Co-operative for an outdoor all-weather shelter to keep our story-telling area dry throughout the whole year. Such weatherproofing will benefit the Pre-school enormously by allowing outdoor play to continue all year round, in all weathers, to include story time, crafts, small group activities and learning in the fresh air.

Proposal:

The Pre-school proposes to erect a waterproof sun sail; a garden feature to enhance the existing story area. The square sail (4m x 4m) will require 2 corner wall fixings at mid-window height (the sail will sit clear of the window openings) and 2 steel poles secured amongst the planting at the front of the area. The sail will be of a natural colour to compliment the garden, and the steel posts can be painted in any colour to fit in with the magical theme of the garden. The sail will be secured to fixings with clips, allowing the sail to be removed at any time, such as during school holidays. Any existing planting that would sit under the sail will be cared for by the school children as part of their learning. The project will be undertaken in full by a specialist company, thus ensuring future warrantee, maintenance and servicing.

The Pre-school is very much part of the local community and the families within it. Our outside area was developed for all to use when we are not there, and therefore a covered seating/play area would be beneficial to other community groups who wish to use outdoor space at the Centre.
