

Recycling labels for bins

Item 9.3.1

Briefing Note

There was a discussion at the last Amenities meeting regarding the possibility of installing a recycling service at the MPF and possibly other open spaces. The discussion concluded with {Minute extract}:

Recycling to be put on Agenda for next meeting to agree labels on bins to say 'For Landfill - please take your recyclables home. Steyning Parish Council, Thank you'

There are many variations to sticky labels. Having checked a few providers via the net here below is a summary of what I would suggest we could go for (Highlighted in red) – with cost variations on some of those variations. This item is to agree the nature of what we fix onto bins subsequently and agree the expenditure
