Item 6.1.2

Briefing Note -

It appears Horsham DC are agreed in principle to this request although as of 29th March we are yet to receive anything in writing. Either way this is an opportunity for this committee to fully support, partly support or otherwise this request. – See details below (I do not have a picture of the Van in question as yet). Since this initial email exchange below the requester has made two visits to the Steyning Centre to see if there is any news from Horsham, and to ask our Council for support – hence it being on this Agenda.

Dear Mr [REDACTED]

Thank you for your email.

The Car park in Steyning High Street belongs to Horsham District Council and it would be them that you need to contact to get the permission that you require to be able to have your burger and kebab van in the carpark. I have copied in Paul Hobbs and Stuart Slater who will hopefully be able to help you with your enquiries.

Regards
Hazel

Deputy Clerk

Subject: Burger and Kebab Van Business

Dear Clerk ,

I am in contact with you through Mr. Paul Hobbs from Horsham Council.

I would like to do a business in high street car park in Steyning with my Burger and Kebab van. The opening hours will be at 4pm in the afternoon and closing at 10pm daily.

I have got all my documents ready as an electric ,gas and hygiene certificates. I would like to start my business as soon as you confirm the project.

Through the covid period my job has been effected , my wife also having a cancer treatment and I want to do my own business as soon as possible.

Please let me know for the further details if I need to submit any documents.

Thank you very much

Kind Regards

Mr [REDACTED]
