

[steyningsppg] Urgent message from Dr. Holdaway

The following is a message from Dr. Holdaway.

We are being inundated with phone calls for clinic appointments. It is clogging up our phone lines and reducing access to those people who need medical help.

This is exactly what we wanted to avoid.

Steyning Medical practice is ONLY a pop up site, carrying out a small number of vaccinations to help Henfield. THE PRACTICE will be contacting people, and INVITING them for vaccination. In the first instance, this will be based on those with vulnerability and mobility issues.

Genuine HOUSEBOUND people will be the first to receive vaccine.

PLEASE DO NOT CALL RECEPTION

Patients who are DUE or OVERDUE their Booster vaccination should still attend Henfield and NOT wait to be called by Steyning Medical Practice.

Steyning Medical Practice is ONLY providing support for Phase 3 (Booster) vaccines.

PLEASE MAKE SURE THIS INFORMATION IS WIDELY SHARED. SUPPORT OUR LOCAL PRACTICE BY WAITING TO BE INVITED.
