Recycling and waste

for the Horsham District

Hot bin trial expanded with 14 new participants on board

We've expanded our Hot Bin food recycling trial to a mix of families and community groups, including St Mark's Church Holbrook, pictured. Having a wider range of group sizes means we can test capacity and trial the 200L bin as well as the 100L bin.

Horsham District Council Cabinet Member for Recycling and Waste Cllr Toni Bradnum said: "I am really pleased that we are entering the second phase of our Hot Bin trial and am delighted that so many families and groups have volunteered to take part.

We aim to gather the feedback from the families taking part and use the data to inform our understanding of food recycling and perhaps explore promoting Hot Bins at a subsidised price for Horsham District residents going forward."
