The Spider Has Arrived!

Work on the Upper Pond kicks off in earnest today - thank you SO MUCH to everyone who has given so generously to make this happen!

Most of the dangerous trees were felled last week and the 'Spider' (otherwise known as a Menzi Muck M545, for those into that sort of thing) arrived earlier this morning (pic above). Unless you've signed up for one of our guided tours (see below) please give the pond on the Rifle Range a particularly wide berth for the next few days - there's lot's going on!

. . . and if you'd like to see the Spider in action, we've

arranged some special guided tours this Wednesday.
There are still some places left, so [just go here to book](#).
