

Item 6.8

Jubilee Bench final list of options for consideration

Briefing Note

Over the Summer via email correspondence, we have continued to look at Jubilee Bench installation options. It seemed there was consensus on not going for a metallic nor a recycled plastic option, and that also Oak be considered probably best, but other hard woods considered. Cllr I Alexander suggested a locally sourced option and gave an example of one he had found when on Hols – The final option 4 noted below is sourced in Steyning from wood cut locally – but at time of writing I do not have a cost for this bespoke version – I will try and ensure I get a cost out to Cllrs before the meeting via email when I receive it.

All the options below supplied by Cllrs and Clerk as final options therefore for consideration please.

Option 1 – The Balmoral {Teak}

Cost – Approx £620 for 6 Foot bench {pictured} plus cost of inscription

Option 2 – The ‘Classic’ {Oak}

Cost - Approx £1,355 for 8 foot bench (Pictured & with 6 legs) plus cost of inscription & engravings

Note: Most benches 6ft and above are also available as a 6 Leg version.

Option 3 – The ‘Woods Worldwide’ {Oak}

Cost – Approx £1,215 for 6 foot ‘4 seater’ bench plus cost of inscription

{ Dog not supplied as standard! }

Option 4 – Locally Sourced bespoke Bench design {Oak or other}

Cost – Unknown currently – can be required length
