

Report of Community Orchard tree plantings.

A quick report on the 2 tree plantings that Steyning Community Orchard has done in the last 10 days, as an FYI for the Communities Cttee members.

We are adding all our 2022 tree plantings to the Queen's Green Canopy. I'll send pictures of the registrations once I get them.

Sat 26th Feb. 3 trees at the new Abbey Road Orchard.

We planted 3 apple trees (Annie Elisabeth, Red Falstaff, Egremont Russet). 30 friends and family of the 3 tree donors came along to share in the event. Brilliant weather, and a stunning location just behind Steyning Parish Church. The plan is to plant 3 trees each year until the 12 trees agreed by SPC are planted.

Sat 5th March. 4 trees on the MPF Community Orchard.

The 4 trees are all rare Sussex varieties. Tinsley Quince, Cockle Pippin, Wadhurst Pippin and Aldwick Beauty. Donors were Pat Marshall, (widow of long-serving Steyning Parish Councillor, Gordon Marshall), Linda Manning, Tim Chalcraft and John Catchpole. Approx 20 of their friends and family braved the freezing cold wind and joined us to celebrate their trees being planted.
