Council visits highway experts Eurovia and Ringway

Horsham District Council's Enterprising Horsham team, joined by Cabinet Member for Enterprise and Property Cllr Jonathan Taylor, visited Eurovia and Ringway's office in Horsham, to learn more about the company's role in supporting regional and national infrastructure.

Eurovia is a specialist in highway surfacing and asphalt production, with Ringway specialising in strategic and local highway infrastructure services, both forming key parts of the UK division of VINCI Construction.

Based at Albion House on Springfield Road, Ringway has been part of the Horsham business community for 50 years, and currently employs around 80 staff in roles spanning finance, tendering and IT support.

The site serves as a key hub within the company's wider UK operations. The visit to Albion House is part of the Council's engagement programme with businesses within the district that help to create, maintain, and promote a prosperous community and local economy.
